KOMMVIA™

Connecting Businesses™

Access Control

PLANNING / INSTALLATION / UPGRADES / SERVICE

Manage who can enter and when. We install commercial access systems, configure credentials and schedules, and help your team manage access as your business changes.

SYSTEM PLANNING & DOOR REVIEW

- Commercial electronic access planning
- Door locations & access needs review
- Existing system & infrastructure assessment
- Credential & reader selection
- Installation scope & coordination planning

INSTALLATION & INTEGRATION

- Access readers & controller installation
- Access control cabling & terminations
- Door access device connections
- Network connectivity & system setup
- Door hardware coordination & testing

CREDENTIALS & USER SETUP

- Card & credential enrollment
- User permissions & access groups
- Business-hours & access schedules
- Adding, changing & removing users
- Administrator setup & staff training

UPGRADES & TROUBLESHOOTING

- Additional doors & system expansion
- Reader & controller upgrades
- Credential & permission troubleshooting
- Cabling, device & connectivity checks
- System changes & ongoing service

BUILT FOR COMMERCIAL FACILITIES

Offices • Manufacturing & industrial facilities • Warehouses • Retail • Medical offices • Schools • Churches • Commercial properties

We review your doors, user needs, and existing infrastructure, then coordinate installation and train the people who will manage the system day to day.

FAST MEANS NOW

Get a clear scope and installation schedule for your access control system.
