KOMMVIA™

Connecting Businesses™

CCTV / Video Surveillance

DESIGN / INSTALLATION / UPGRADES / SERVICE

See what matters around your facility. We plan camera coverage, install commercial video systems, and help your team find and use the footage they need.

CAMERAS & COVERAGE PLANNING

- Commercial IP camera system planning
- Camera placement & coverage review
- Indoor & outdoor camera installations
- Entrances, work areas & loading docks
- Existing camera system assessments

CABLING & SYSTEM INSTALLATION

- Camera cabling & network connections
- PoE switches & device connectivity
- Camera mounting & installation
- Recording system installation & setup
- Cable management, labeling & testing

RECORDING & USER SETUP

- Recording schedules & storage planning
- Live viewing & playback configuration
- Remote viewing setup & connectivity
- User accounts & access permissions
- Footage retrieval & operator training

UPGRADES & TROUBLESHOOTING

- Camera additions & system expansion
- Aging camera & recorder replacement
- Offline cameras & connection problems
- Recording, playback & image issues
- Cabling, PoE & network troubleshooting

BUILT FOR COMMERCIAL FACILITIES

Offices • Manufacturing & industrial facilities • Warehouses • Retail • Medical offices • Schools • Churches • Commercial properties

We review the areas you need to see, available infrastructure, and how your staff will use the system, then build a clear installation and handoff plan.

FAST MEANS NOW

Get a clear scope and installation schedule for your camera system.
