

Connecting Businesses™

Commercial & industrial low voltage infrastructure | Established 2014

Phone systems, data networks, and security infrastructure installed cleanly, labeled clearly, and supported by people who know the field.

01 BUSINESS PHONE SYSTEMS

- Hosted VoIP, UCaaS & on-premise PBX
- New installs, upgrades & PBX-to-VoIP migrations
- IP phones, SIP trunks & number porting
- Voicemail, auto attendants & call routing
- Paging, intercom & staff training

02 STRUCTURED CABLING

- Cat5e, Cat6, Cat6A & specialty copper cabling
- Voice/data drops, backbone & riser cabling
- Patch panels, jacks & cable management
- Adds, moves, changes & office relocations
- Testing, certification & labeling

03 FIBER OPTIC INFRASTRUCTURE

- Fiber installation & backbone cabling
- Fiber termination & testing
- Inter-building & facility connectivity
- Fiber patching & distribution
- Troubleshooting & repair

04 NETWORK INFRASTRUCTURE

- Switches, PoE & commercial Wi-Fi
- Access points & wireless bridges
- Point-to-point wireless connectivity
- Rack builds, data rooms & network cleanup
- Connectivity & performance troubleshooting

05 CCTV / VIDEO SURVEILLANCE

- Commercial camera systems & installation
- IP cameras, PoE & network cabling
- Recording systems & remote viewing setup
- Camera placement & coverage planning
- System upgrades, service & user training

06 ACCESS CONTROL

- Commercial electronic access systems
- Card, credential & reader installations
- Door access wiring & device integration
- User permissions & system setup
- Upgrades, troubleshooting & training

NORTHERN INDIANA / CHICAGO AREA / SOUTHWEST MICHIGAN
