KOMMVIA™

Connecting Businesses™

Network Infrastructure

SWITCHES / WI-FI / RACK BUILDS / SUPPORT

Your network carries the workday. We install switches and Wi-Fi, organize racks, and troubleshoot the connection problems that slow your team down.

SWITCHES & CONNECTIVITY

- Commercial network switch installation
- PoE connectivity for phones & IP devices
- Switch upgrades & capacity planning
- Copper & fiber uplink connections
- Device connections & network expansion

COMMERCIAL WI-FI & WIRELESS

- Wireless access point installation & setup
- Coverage planning for offices & facilities
- Wi-Fi expansion & access point upgrades
- Wireless bridges & point-to-point links
- Coverage & connection troubleshooting

RACK BUILDS & DATA ROOMS

- Network racks & equipment installation
- Patch panels & organized connections
- Cable management & rack cleanup
- Equipment, port & cable labeling
- Data room buildouts & relocation support

TROUBLESHOOTING & SUPPORT

- Network latency & intermittent dropouts
- Poor Wi-Fi coverage & unreliable links
- Cable, port & device connection checks
- Phone & IP device connectivity issues
- Adds, moves, changes & vendor coordination

BUILT AROUND YOUR BUSINESS

Offices • Manufacturing & industrial facilities • Warehouses • Retail • Medical offices • Schools • Churches • Commercial buildouts

We plan around your equipment, facility layout, and day-to-day operations, then test connections and hand over an organized installation with clear labels.

CLEAN INSTALLS. ORGANIZED RACKS.

A clear plan for your switches, wireless coverage, and network infrastructure.
